To Whom It May Concern:

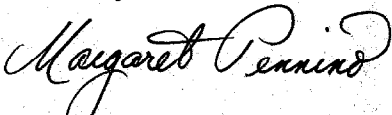

I am writing this letter to let you know I am VERY CONCERNED with  
**GENETICALLY ENGINEERED FOODS.**

Amend the Proposed Rules on Genetically Engineered Foods and PLEASE-PLEASE  
require mandatory labeling and extensive mandatory pre-market safety testing and  
environmental review.

I do not want to eat genetically engineered foods, I can not believe we are not even told  
in the United States, which foods are genetically engineered. We are behind other  
countries in this area. Shame on us.

Please change this ASAP.

Sincerely,

Margaret Pennino
